Plan of World IoT Top 500 Summit 2024

As one of the important annual events, **World IoT Top 500 Summit** has been organized for consecutive six years by the international organization **World Internet of Things Convention (WIOTC)**, attracting the attention of international community, international organizations, embassies in China, and mainstream media as well as top 500 enterprises including Huawei, China Telecom, Haier, Bosch, Qualcomm, Intel, SAP and tens of thousands of IoT-related and tech companies through extensive participation and strong support. Having been released for consecutive six years, **World IoT Ranking List Top 500** (WIOTRL Top 500) has become the most authoritative and influential ranking list of digital economy. The enterprises on the WIOTRL contribute to 70 percent of output of global Internet of Things and digital new economy. It demonstrates the innovative strength of technological enterprises focusing on digital economy and stimulates the construction and industrial application of global internet of things and the innovative development of digital economy.

The **World IoT Top 500 Summit 2024** will be held on July 19, 2024 in Beijing (Kempinski Hotel, Yansha Center Beijing). Themed "**An Intelligently Interconnected World for A Win-Win Future**", the summit will consist of Opening Ceremony, Speeches by WIOTRL Top 500 Companies, Top 500 Entrepreneurs Forum, Government Promotion Session, International Multilateral Cooperation Forum, etc. This summit is committed to promoting the innovative development of IoT digital economy, improving the international influence of enterprises and government and providing guidance on the market building of the intelligently interconnected digital economy. The 2024 World Internet of

Things Ranking List Top 500 and the 2024 World Digital Economy Ranking List will be released at this year's summit, together with the awarding ceremony for the companies on the list – all contributing to encouraging sustainable and innovative development.
